

# NATIONAL ASSEMBLY

## OFFICIAL REPORT

Wednesday, 29<sup>th</sup> June, 2016

The House met at 6.45 p.m.

*[The Temporary Deputy Speaker  
(Hon. Cheboi) in the Chair]*

### PRAYERS

**The Temporary Deputy Speaker** (Hon. Cheboi): Order, Members! I must commend the membership for making quorum at this particular time of the day.

### COMMUNICATION FROM THE CHAIR

#### AMENDMENT TO THE SECOND SUPPLEMENTARY BUDGET ESTIMATES

**The Temporary Deputy Speaker** (Hon. Cheboi): Hon. Members, you may recall during today's Morning Sitting that the House approved the Report of the Budget and Appropriations Committee on the Second Supplementary Estimates for the 2015/2016 Financial Year including amendments proposed by the Leader of the Majority Party, Hon. Aden Duale. The said amendments increased the Development Budget to a net amount of Kshs27,441,547,334 taking into account the proposed reduction of Kshs7,519,683,629.

However, Hon. Members, during the passage the overall Motion did not capture the changes in the Schedule. It is for this reason, therefore, that the Chairperson of the Budget and Appropriations Committee, Hon. Mutava Musyimi, MP, will be moving amendments to the Bill. This will ensure that the House corrects the overall increase in both Recurrent and Development Expenditures as reflected in the Schedule this morning.

Please, be advised and I thank you.

Hon. Members, as you will notice and I am sure you note, we have an order for business because this is a different Sitting. I will give an opportunity to the Mover to move the Procedural Motion for us to transact business. It will be fairly brief.

### PROCEDURAL MOTION

#### REDUCTION OF PUBLICATION PERIOD FOR SUPPLEMENTARY APPROPRIATION (NO.2) BILL

**Hon. Musyimi:** Hon. Temporary Deputy Speaker, I beg to move the following Procedural Motion:-

THAT, pursuant to Standing Order No.120, this House resolves to reduce the publication period of the Supplementary Appropriation (No.2) Bill (National Assembly Bill No.23 of 2016) from seven days to one day.

The reasons are obvious and they have been canvassed before. We need to get the work done by latest midnight tomorrow. This is our chance.

I beg to move and request Hon. Moses ole Sakuda to second.

**Hon. ole Sakuda:** Hon. Temporary Deputy Speaker, I beg to second.

*(Question proposed)*

**Hon. Members:** Put the Question!

**The Temporary Deputy Speaker** (Hon. Cheboi): Is that the feeling of the House?

**Hon. Members:** Yes!

*(Question put and agreed to)*

## BILL

### *First Reading*

#### THE SUPPLEMENTARY APPROPRIATION (NO.2) BILL

*(Order for First Reading read – Read the First Time - Ordered to be read the Second Time today by leave of the House)*

### *Second Reading*

#### THE SUPPLEMENTARY APPROPRIATION (NO.2) BILL

**Hon. Musyimi:** Hon. Temporary Deputy Speaker, I beg to move that the Supplementary Appropriation (No.2) Bill (National Assembly Bill No.23 of 2016) be now read a Second Time.

In June, 2015, Parliament, through the Appropriations Act, approved Kshs1.94703 trillion for the national Government expenditure for the 2015/2016 Financial Year. Out of the total funds allocated, Kshs784.2 billion was for Recurrent Expenditure while Kshs721.29 billion was for Development Expenditure. The Kshs441.54 billion was for the Consolidated Fund Services (CFS).

In April, 2016, Parliament, through the first parliamentary Appropriations Act, approved an additional Kshs50.13 billion out of which Recurrent allocation increased by Kshs21.9 billion. The Development Expenditure increased by Kshs4.06 billion while the CFS increased by Kshs24.16 billion. This Second Supplementary Appropriations Bill proposes a net expenditure of Kshs34.947 billion of which the net Recurrent allocation is increased by Kshs7.05 billion while the Development Expenditure is increased by Kshs27.441 billion while CFS is set to increase by Kshs28.9 billion.

The capital allocation to the State Department of Infrastructure is set to decrease by Kshs19.2 billion with Appropriation-in-Aid (A-in-A) having been revised downwards by Kshs14.7 billion on account of low absorption rate as a result of delayed disbursement from

development partners and delayed land compensation. The reduction will affect road rehabilitation sub-programme and the total target kilometres for road rehabilitation set to fall from 234 kilometres to 178 kilometres for the 2015/2016 Financial Year.

Projects whose budgetary allocations will decline by the highest margins under infrastructure include the Nairobi Southern Bypass project, by Kshs1.5 billion; the National Urban Improvement project by Kshs2.3 billion; the South Sudan East African Transport Trade and Development facilitation by Kshs2.2 billion; the Transport Infrastructure for Regional Integration project by Kshs1.4 billion; the Nairobi Outering Road improvement project by Kshs1 billion and the Mombasa-Mariakani Highway project by Kshs1.9 billion.

Hon. Temporary Deputy Speaker, the Ministry of Energy has its A-in-A component revised upwards by Kshs4.3 billion during the First Supplementary Budget in March, 2016. However, within a span of less than three months, the Ministry has had the A-in-A revised downwards by Kshs23 billion. This reveals the poor planning and forecasting arising from the Ministry. The major increases are notably in the Ministry of Health, the Ministry of Land, Housing and Urban Development and the State Department of Agriculture.

As I conclude, let me say that the reductions under the Ministry of Environment and Natural Resources is attributed to transfer of expenditure incurred by integrated regional development authorities under the Ministry of Water and Irrigation.

With those remarks, I beg to move and request the great Hon. Moses ole Sakuda to kindly second.

**Hon. ole Sakuda:** Hon. Temporary Deputy Speaker, I second. I like the word “great”.

**The Temporary Deputy Speaker** (Hon. Cheboi): Hon. Members, before I propose the Question, you are advised to do the needful in terms of registering your presence. If you fail, the constitutional implications over missing eight sittings might catch up with you. Of course, that is other than other issues.
